# 2017-18 ATHLETE ASSISTANCE PROGRAM

---

## ***What is the AAP?***

The Athlete Assistance Program or 'AAP' is a program funded by the Provincial Government, which provides a system of recognition and financial support for BC's high performance athletes. The intent of the program is to "*recognize high performance athletes who are participating in programs offered through a provincial sport organization and competing in recognized national or international competitions to relieve some of the pressures associated with training and competition needs*"

## ***How does it work?***

Each year, the Ministry of Community, Sport and Cultural Development (Provincial Government) allocates a certain amount of AAP funding to each Provincial Sport Organization (PSO). Along with the funding are guidelines regarding minimum funding criteria that the PSO must follow when allocating funds to the athletes. These are including on the following pages.

In addition to these guidelines, the PSO (SportAbility) is responsible for forming a Selection Committee that establishes criteria to further select athletes for the program. The current Selection Committee is comprised of Sport Development staff, volunteers and a board member.

## ***How much funding is available?***

The grant per athlete will be no less than \$500.00, and therefore the number of athletes funded will be dependent upon the total budget available for athlete assistance this year.

## ***How will the committee decide who receives funding?***

An application form will be sent to all athletes who meet the minimum funding criteria set out by the provincial government and SportAbility. Along with the form will be a questionnaire that the athlete must complete and submit for review by the committee.

Athletes must fill in the questionnaire as fully as possible – the selection committee will not search for additional information when such information is missing.

Each question is evaluated on a numerical scale as to how well the athlete meets an 'ideal'. The questions are weighted differently so that key factors such as performance/results and potential are rated higher than some of the other criteria. Athletes may not meet the 'ideal' in each criterion, but their total points across all of the questions will rank them fairly with other athletes.

This system will not only identify the appropriate athletes for funding, but also give athletes goals to strive for.

### ***What are the selection criteria?***

In addition to government guidelines, SportAbility has set the following criteria for selection to the AAP:

#### ***Minimum Eligibility Criteria***

*At a minimum, the athlete must:*

- *Participate in a recognized SportAbility Sport and be a current member of SportAbility*
- *Be a Provincial Team Member or identified development level athlete in his/her sport*
- *Not already be receiving Sr. National Level carding funds (Yr 2 or more) or provincial AAP funding through college or university affiliation*
- *Be a Canadian citizen or have landed immigrant status, and have resided in British Columbia for the past 12 months*
- *Participate in SportAbility programs, clinics & training camps*

*\* For information regarding whether or not an athlete qualifies as a 'Provincial Team Athlete' please refer to Appendix B of this handbook.*

#### ***Rated Selection Criteria***

*The athlete will be evaluated with regards to how well he/she meets the following criteria:*

1. *Follows a yearly training plan, regularly monitored by a coach*
2. *Is coached by an NCCP Certified Coach*
3. *Results from the current and previous year at the Regional, Provincial, National and International Levels*
4. *Demonstrates dedication and commitment to his/her sport as evidenced by commitment to training & competition, lifestyle, attendance at training camps, workshops and seminars*
5. *Has the potential to compete for British Columbia and Canada for the next 3 – 5 years*
6. *Has shown noticeable improvement over the last year*
7. *Frequency & quality of training, use of Sport Science and Medicine Support Services*
